Well the board is back and starting to plan for the upcoming year.

We had our first board meeting at Cabela's this month. They have offered us use of their Conference room and want to be actively involved in sponsorships for some of our club events. We are very excited to have them on board and thank them for giving us a place to meet, where we can shop after. LOL

We have some new board members and we will post that information in the next newsletter.

We are also still looking for a couple more Trustees. If

you are interested please contact a board member.

We had some damage to the trees on the range with the last wind storm. So be careful if you are out there shooting. We have been working hard to get them taken care of. But it is getting into winter, so just be careful on the range as it can also get slick with all the frost and cold weather.

We look forward to a great year coming up. We are planning a lot of fun events for the season.

I am looking for some pictures of your successful hunt this year or if you are a

target archer, some tournament shots as well!

There have been some glitches with our website and we are aware of it. But please let us know if there are any issues you experience with our website or Facebook page.

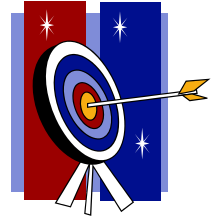

We wish you all a safe and warm Thanksgiving Holiday and go enjoy that fresh turkey they you might have shot during Turkey season!

Respectfully,

Kim Bishop, MS

Publicity Director

It's all about Targets!.....

Indoor season is here! The PNW Shoot up is back and in full swing. See the list of tournaments on their website:

<http://www.pnwshootup.com/>

They are having a couple of local tournaments in Eugene in December and at Broken Arrow in January.

The Vegas Shoot is coming up in February and we will be having several Sylvan members and some of the JOAD kids going as well. We will keep you updated on their progress. Let us know if you are going and how well you did.

Happenings at Archers Afield.....

Have you seen the new shop remodel? It looks fantastic! Make sure to stop in and say hello and let them know how great the shop looks! Lots of great merchandise and more shooting room. They even have a membership available for 24 our access to shoot!

They have a Bowhunter league starting up Jan. 8th. Make sure to ask about details. We need to support these types of events if we want to keep tuned up during the off season.

They also have many different types of classes and fun shoots going on so make sure to visit their website at www.archersafield.com for more information on what is going on at Archers Afield and also to see where the mobile unit will be showing up next!

Don't forget you can also renew or sign up for Sylvan membership at the shop. We do not have the ability to take credit cards, but they can do that for your membership.

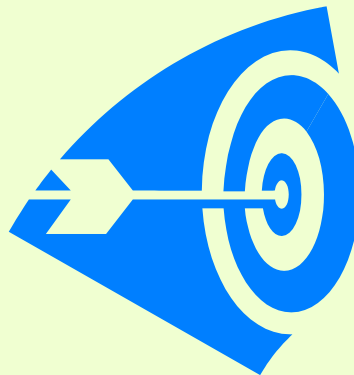

Just for youth.....

Congratulations to Laurie for achieving her Level 3 Instructor certification from USA archery and NFAA.

If you are interested in getting certified as an instructor or you are a level 1 or 2 instructor and would like to help out at these lessons, we would love to have you! We could also use helpers for these sessions and you do not need to be certified. A great way to earn a discount on your yearly membership is to volun-

teer! Contact Laurie or Brandon about certification or helping at our summer instruction program.

Laurie and Brandon are also conducting private lessons so if you are interested, contact them to set up a time to get a lesson.

Events coming up that we need volunteers for...

The club will be doing the Pacific NW Sportsman's Show this year and we will be looking for some help again. Set up is Feb. 2nd and the show is Feb. 4th-8th. If you are interested in helping out with either set up or tear down or working a shift during that week, contact Al Hanschar: 503-209-6713 or ahanschar@cs.com. We will be putting out more details with the next newsletter. Remember it is a great way to earn a discount on your membership for next year.

Broadhead League Results.....

We had a great league this year, with a lot of new shooters, a lot of drop ins and a new category for marked yardage, which went over very well!

We hope to keep expanding what we are doing with our 3D range and are open to any ideas for putting on 3D shoots at our range that are unique, fun and would be well attended.

Here are the results from the league and we want to thank Gerber Blades for giving us a sizeable discount on the Knife set we gave away as prizes!
