IMPORTANT NOTICES

1. Reminder that all dogs **MUST** be leashed, memberships can be suspended or revoked for failure to do so. This is something each member has to agree to when signing their membership and is non-negotiable.
 2. We have received a suggestion to hold a swap meet type event for archery equipment at the range. This would be in the parking lot or practice range area, on a weekend during the Summer, the exact date is still to be determined.
 3. A new fence will be installed along the north border of the practice range. As soon as we have specific dates from our vendor we will post them online and to social media.
 4. There is still a need for clean-up and a range refresh left to do. Now that the weather is getting better we will plan for dates and post them online.
 5. Range Refresh and NFAA Re-certification pending
 6. The club is looking for a landscaper to do mowing, We require that they be licensed, and insured, and will need to provide their own equipment. The business or contractor will need to provide invoicing and quotes for club records.
