SPECIAL NOTICE FROM ODFW:

Dear hunters, land managers, and outdoor recreation retailers,

As many of you know, Oregon Department of Fish and Wildlife (ODFW) offices remain closed to the public and in-person gatherings have been limited due to transmission concerns associated with the ongoing pandemic. As such, the North Willamette Watershed District Wildlife Team is conducting public outreach for the 2022 big game draft regulation proposals through phone, email, and a virtual meeting. Attached to this email is a summary of the local draft proposals and a short summary of the survey data utilized when making big game management decisions and hunt proposals. We strongly encourage you to share with all who may be interested and to provide comments to your local ODFW Wildlife Biologist. A great forum for comments and more information will be held at a virtual Zoom public meeting. Just click on the public meeting link below at **5p on Tuesday July 13th, 2021**.

Thank you for your investment in Oregon's wildlife, flexibility during these uncertain times, and input through this important public process.
